**CLARIFICATION ANNOUNCEMENT  
AND  
REVISED TIMETABLE IN RELATION TO  
PROPOSED BONUS ISSUE,  
PROPOSED CHANGE IN BOARD LOT SIZE AND  
PROPOSED INCREASE IN AUTHORISED SHARE CAPITAL**

Reference is made to the announcement of Yuhua Energy Holdings Limited (the “**Company**”) dated 17 September 2015 in relation to, inter alia, proposed bonus issue of shares and change in board lot size (the “**17 September Announcement**”). Capitalised terms used herein shall have the same meanings as those defined in the 17 September Announcement unless the context herein requires otherwise.

## **CLARIFICATION ON THE 17 SEPTEMBER ANNOUNCEMENT**

With reference to an article (the “**Article**”) published on [www.webb-site.com](http://www.webb-site.com), which referred to certain statements made by the Company in the 17 September Announcement, the Board would like to make certain clarifications in response to the Article.

The Article made certain comments on corporate actions (in particular, bonus issues and stock splits) conducted by Hong Kong listed companies generally as well as the Bonus Issue and the Change in Board Lot Size proposed to be conducted by the Company. In the Article, reference is made to the paragraph headed “Proposed Bonus Issue – Reasons for the Bonus Issue” in the 17 September Announcement which provided that the Bonus Issue would result in downward adjustment to the trading price of the Shares so that the market value per board lot of Shares could be reduced to appeal to more investors and accordingly, the trading liquidity of the Shares in the market may be enhanced and that the Bonus Issue is in the interests of the Company and the Shareholders as a whole (the “**Statement**”). The author of the Article pointed out that, taking into account the proposed Change in Board Lot Size from 4,000 Shares to 18,000 Shares, the market value per board lot of Shares is not reduced upon completion of the Bonus Issue and the Change in Board Lot Size and the trading liquidity of the Shares may not be enhanced. Based on the aforesaid, it was alleged that the two corporate actions proposed by the Company as a whole might have failed to achieve its intended purposes and that the Statement was false and misleading.

The Board would like to respond to the Article and make the following clarifications in relation to the 17 September Announcement:

- (1) The paragraph headed “Proposed Bonus Issue – Reasons for the Bonus Issue” in the 17 September Announcement, in particular, the Statement, is a general statement with respect to the reasons for and benefits of the Bonus Issue per se under the existing board lot size (4,000 Shares). The Statement is intended to be a discussion on the reasons for and benefits of the Bonus Issue only and is separate from that of the proposed Change in Board Lot Size. Based on the existing board lot size of 4,000 Shares and the closing price of HK\$1.49 per Share on 17 September 2015 (equivalent to a theoretical entitlement price of approximately HK\$0.497 per Share upon allotment and issue of the Bonus Shares), the market value of each board lot of 4,000 Shares will decrease from HK\$5,960 to HK\$1,988. As such, the disclosure in the 17 September Announcement that “the market value per board lot of Shares can be reduced” in the Statement is accurate.

- (2) To enable the Shareholders and public to understand the combined effect of the Bonus Issue and the Change in Board Lot Size on the market value per board lot of Shares before and after the implementation of the Change in Board Lot Size, the Board would like to add that the market value per board lot of Shares after both (i) completion of the Bonus issue and (ii) implementation of the Change in Board Lot Size from 4,000 Shares to 18,000 Shares, on the basis of the closing price of HK\$1.49 per Share on 17 September 2015 (equivalent to a theoretical ex-entitlement price of approximately HK\$0.497 per Share upon allotment and issue of the Bonus Shares), the market value per board lot of Shares will increase from HK\$5,960 to HK8,946.
- (3) Irrespective of an increase in market value per board lot of Shares after the Change in Board Lot Size becomes effective, the number of Shares to be held by the public Shareholders will increase. As the price of the Shares will be reduced from HK\$1.49 to HK\$0.497 which is in proportion to the issue of the Bonus Shares, the Board is of the view that an increase in the trading volume of the Shares could be seen following the Bonus Issue and therefore the Shares are likely to experience increased liquidity as a result. Based on the aforesaid, the Board reaffirms its view as disclosed in the 17 September Announcement that the Bonus Issue and the Change in Board Lot Size are in the interests of the Company and the Shareholders as a whole.

## **REVISED EXPECTED TIMETABLE**

In addition, as the proposed new board lot size of 18,000 Shares is not a multiple of the existing board lot size of 4,000 Shares, parallel trading will be required to eliminate odd lots.
